

# Stow Band Camp

## Parent's Handbook:

The purpose of this page is to remind you of some items which will make our week at band camp more enjoyable and safe. Please feel free to speak to any director if you have any questions:

1. Please make sure your child is aware of the rules pertaining to band camp. Each year Edinboro expects a higher level of behavior from the campers. Guidelines are listed in the band handbook, original band camp registration, and on the Band Camp Handbook.
2. Use the packing list as a guide for what you need to take.
3. Spending money should be kept to a minimum. \$3.00 will be on the first evening of band camp to help cover cost of pizza and pop at the band party on Thursday evening.
4. Stereos, televisions, VCR's or Video Games should not be taken to camp. We can not be held responsible for damage during transport or while at camp.
5. Encourage your child to **SLEEP** at camp. After a few 17 hour days everyone gets extremely tired. **Students who try to pull all-nighters are the first to succumb to illness.**
6. The band parents will have pop for sale at band camp for less than you can buy it in the machines. Pizza orders will be taken during afternoon free time and will be delivered after 9:00PM. Payment is required at time of ordering.
7. Drop off time at the high school on Sunday is 12:00 Noon. We will be returning around 4:30 on Friday. Unless there are extenuating circumstances, all students are expected to ride the school busses to and from camp. Students may never drive to or from camp.
8. The back of this page gives you details found in the student's band camp handbook. We thank you for trusting us with your kids and will look out for them.
9. **Any medicine or medical conditions which have changed after you had filled out the Emergency Medical Form must be noted on the **MEDICAL UPDATE FORM**. All medications must be given to the Nurse (Mrs. Gopp) on Saturday during packing (1:00-2:00) All medicines must be in their **original bottles with prescription printed on the label**. **No student should have medicine, other than inhalers in their possession**. **Any student allergic to bee stings should provide a bee sting kit to be kept with the medical supplies or with the student.****
10. Make sure your child has packed: good fitting shoes, socks, **sunglasses, sunscreen & a hat**. We also encourage water bottles to keep with them while they are on the field.
11. Cell phone should only be used during free times (3-5) or during night free time (9-11). Cell phone seen or used during any other times (including penalty wing and after hours) will be confiscated and returned at the end of camp. **PARENTS: IF YOUR CHILD CALLS YOU STATING THEY ARE ILL, OR UNHAPPY AT CAMP, PLEASE CONTACT US AT THE EMERGENCY NUMBER IMMEDIATELY.** Schools have recently had trouble with children calling parents because of illness, problems or concerns without reporting them to the school official in charge. We as directors are legally responsible for your child's well-being while at camp. For this important reason we can not be left out of the loop. In the event of an illness, problem or concern at camp you will be contacted by a director and/or nurse. Please reiterate this important item with your child.

11. **EMERGENCY PHONE NUMBERS FOR PARENTS**

**STOW BAND MESSAGE CENTER:**

**(234) 380-6278**

This line Connects to the  
Nurse and Directors
