

Lakeview Advanced Band

October 2012

Welcome back to all of returning instrumentalists!

It's great to have you back!!

We have had a great time getting back into the swing of things. The band students have been working hard on Tuesday and Thursday mornings at band practice. We have a suggested morning full band schedule to make it easier for parents choosing to carpool. If your mornings allow, please follow the schedule. If you can only make it on the opposite day, then feel free to come to band then. Please remember that it is mandatory for students to come to lessons AND at least one morning band per week so we can be fully prepared for our concerts.

TUESDAYS.....if your child attended Echo Hills, Fishcreek, or Woodland

THURSDAYS....if your child attended Highland, Indian Trail, or Riverview

****In the event of a 2 hour delay due to weather, there will be no morning band*

Private Lessons

Something you may want to consider for your child this year is private lessons. Students who receive private lessons work with a specialist on their particular instrument with "one-on- one" attention. It is beneficial for the student who needs extra help in certain areas, as well as the student who excels on their instrument at a faster rate. It truly does give your child an overall advantage. If you are interested, see one of the band directors for a teacher recommendation.

Please take a moment to visit our band website at <http://stowband.org> where you can find information, forms, and note reading game links.

*We are looking forward to sharing many musical experiences this year with your new
